## PREFACE TO THE REPORT

District Health Office,  
County Health Department  
Merlins Hill,  
Haverfordwest.

November, 1970.

To: The Chairman and Members of the  
Milford Haven Urban District Council

Mr. Chairman and Gentlemen,

We present the Annual Report for 1969. Detailed information is available in the body of the Report. The main items may be summarised as follows :-

### Population

There was a small increase in the estimated population over the preceding year. Since 1947 there has been an increase in population of 28%.

### Births

The birth-rate decreased over the preceding year, but still compares favourably with the National rate.

There was an increase of Still births and Illegitimate births, resulting in a rather high Still birth-rate, and about an average Illegitimate birth-rate.

### Deaths

The general death-rate remained the same as for the preceding year, and was again much lower than the National death-rate.

Cancer deaths also remained similar to 1968, resulting in a Cancer death-rate well below the National rate.

There were two infant deaths, giving a favourable Infant Mortality rate.

There were no deaths attributable to Accident or Violent or Tuberculosis during the year.

### Infectious Disease

There was a very low incidence of Infectious Disease during the year.

### Environmental Hygiene

The Councils' Housing programme has substantially met housing needs and the standard of housing in the District is high. Suitable housing for the elderly is an ever increasing need and the Council programme is progressing favourably in this direction.

Sewage disposal is satisfactory with the exception of one or two small pockets which need to be taken up in due course.

The disposal of refuse is becoming relatively acute. It is hoped that, in conjunction with neighbouring authorities, a satisfactory method of disposal will be attained which will meet the standard of hygiene required in the 1970's, and solve this particular problem for many years to come.

The industrial development around the District has brought a certain amount of air and water pollution, but not as much as might have been anticipated. Continued vigilance by all the Authorities and Companies concerned should keep the problem to a minimum level. The full effect of the new Power Station, and further industrial development is still to be experienced. Looking solely from the health and amenity point of view, perhaps the door should now be closed to further similar development.

Your Public Health department is continually endeavouring to maintain the high standard of food handling and hygiene. This is reflected in the practically total absence of food poisoning, and other illnesses attributable to unsound food.

The raising of amenity standards automatically results in the raising of Public Health standards. This is certainly the case in your District, and the Committees responsible are to be congratulated.

#### Conclusion

We wish to thank all departments of the Council and their staff for assistance and advice during the year, and the Members of the Council for their continued support and co-operation.

We remain,

Your obedient servants

VITAL STATISTICS

and

EPIDEMIOLOGY

# SUMMARY OF VITAL STATISTICS - 1969

General Death rate .....	9.7/1000 population
General Birth Rate .....	16.7/ " "
Infant Mortality Rate .....	10/1000 live births
Cancer Mortality Rate .....	1.9/1000 population
Still Birth Rate .....	28/1000 total births

## POPULATION TABLE

<u>Year</u>	<u>Estimated Population</u>	<u>Natural Increase</u>
1947	10,590	104
1957	11,140	99
1967	13,090	101
1968	13,640	108
1969	13,670	88

## Birth Statistics

### Classification of Births.

	<u>Male</u>	<u>Live Female</u>	<u>Total</u>	<u>Male</u>	<u>Still Female</u>	<u>Total</u>
Legitimate	101	90	191	1	5	6
Illegitimate	7	7	14	0	0	0
Total	108	97	205	1	5	6

### General Death rates

Birth-rate for District 1969	= 16.7/1000 population
" " " England & Wales 1969	= 16.3/ " "

### Still birth-rate

Still birth-rate for District 1969	= 28/1000 total births
" " " " England & Wales 1969	= 13/ " " "

### Illegitimate Births

Percentage of Illegitimate births to total births:-

For District	= 7%
For England & Wales	= 8%

### Comparative birth table

<u>Year</u>	<u>Birth Rate</u>	<u>Still-births</u>	<u>Illegitimate births</u>
1947/66 (Yearly average)	19.4	7	10
1967	17.0	6	9
1968	18.0	2	11
1969	16.7	6	14

## MORTALITY STATISTICS

### Classification of deaths

		<u>Male</u>	<u>Female</u>	<u>Total</u>
Diseases of Heart & Circulatory system	=	28	26	54
" " Brain & Nervous system	=	8	12	20
Cancer (all forms)	=	13	13	26
Diseases of Respiratory System	=	9	4	13
" " Kidneys & Urinary system	=	1	1	2
Infant deaths	=	0	2	2
Total		59	58	117

### Deaths in age-groups:-

0 - 1 years	= 2	30 - 50 years	= 4
1 - 15 "	= 1	50 - 70 "	= 46
15 - 30 "	= 0	70+	= 64

### General Death rates

Death rate for District for 1969	= 9.7/1000 population
" " England & Wales 1969	= 11.9/ " "

### Cancer Mortality

<u>Classification</u>	<u>Male</u>	<u>Female</u>	<u>Total</u>
Abdominal	4	4	8
Respiratory	6	0	6
Others	3	9	12
	13	13	26

### Age-groups:-

30 - 50 years	= 1
50 - 70 "	= 13
70+ "	= 12

### Cancer death-rates

Death rate for District	= 1.9/1000 population
" " England & Wales	= 2.2/ " "

### Infant Mortality

2 Infant deaths (female)
Prematurity = 1
Haemorrhage = 1

Infant Mortality rate for district 1969	= 10/1000 live births
" " " England & Wales 1969	= 18/ " " "

Violent & Accidental Deaths - Nil during the year.

Tuberculosis deaths - Nil during the year.

### Comparative Mortality Table

<u>Year</u>	<u>Death Rate</u>	<u>Cancer Deaths</u>	<u>Violent &amp; Acc. deaths</u>	<u>Infant deaths</u>	<u>Tuberculosis deaths</u>
1947/66 (yearly average)	11.2	20	5	6	2
1967	9.2	15	5	2	0
1968	9.7	27	2	5	2
1969	9.7	26	0	2	0

### INFECTIOUS DISEASES

The following Infectious Diseases were notified during the year:-

	<u>Male</u>	<u>Female</u>	<u>Total</u>
Infective Hepatitis	11	21	32
Pulmonary Tuberculosis	3	0	3
Scarlet Fever	0	1	1
	14	22	36

### Summary of Immunisations and Vaccinations carried out in the County during 1969

1969 was a year as far as Immunisations and Vaccinations were concerned a year of consolidation of new schemes and schedules undertaken on the instruction of the Ministry of Health during the year 1968.

	<u>Primary</u>	<u>Boosters</u>	<u>Total</u>
<u>Diphtheria</u>	1,226	2,026	3,252
<u>Whooping Cough</u>	1,202	-	1,202
<u>Tetanus</u>	1,505	2,154	3,659
<u>Measles</u>	850	-	850
<u>Poliomyelitis</u>	1,306	2,037	3,343
<u>Smallpox</u>	725	87	812
<u>B.C.G. Vaccinations</u>	791	-	791
<u>Yellow Fever</u>	280	-	280

Cases taken to Court	Nil

### 5. Knackers Yards

Nil to report

### 6. Slaughterhouses

One private slaughterhouse is licensed in the area and is operated by Messrs. James Bros., Wholesale Butchers.

During the year the following meat and offal was found to be unfit for human consumption:-

Pig's carcass organs and offal	1 oedema & emaciation
Pig's carcass organs and offal	1 septicaemia
Pigs' plucks	18 pneumonia, pleurisy and pericarditis
Pigs' plucks	3 pleurisy & pneumonia
" "	3 parasitic
" livers	35 parasitic
Part pigs' livers	18 parasitic
Pigs' heads	6 T.B.
Sheep's livers	59 parasitic
Part sheep's livers	12 parasitic
Sheep's plucks	2 parasitic
Sheep's carcass, organs and offal	2 septicaemia
Bovine livers	11 parasitic
Bovine livers	5 abscess
Bovine livers	7 parasitic and/or abscessed
Bovine livers	4 bacterial necrosis
Part bovine livers	29 parasitic
Bovine head	1 actinbacillosis
Bovine lungs	4 parasitic
Bovine lung	1 actinbacillosis

Bovine carcass consigned to refrigeration	1 c. bovis
Hindquarters mutton	2 bruising
Hindquarters beef	24 lbs. bone taint
Shoulder pork	9 lbs. abscess
Sow's head	1 T.B.
Calf carcass, organs and offal	1 pyaemia
Mutton	12 lbs. bruising
Bullock carcass, organs and offal consigned to cold storage	1 c. bovis

#### 7. Bakeries and Bakehouses

Two bakeries are operated in the town, viz:-

Mr. A. E. Beddington	Brooke Avenue
Mr. R. J. Edmond	St. David's Road

Six visits were made during the year. One informal notice regarding cleanliness was complied with during the year.

#### 8. Cafes, Hotels, Restaurants

There are three cafes and restaurants in the town and there are six hotels in the district.

Five visits were made and the general standard of hygiene was satisfactory.

#### 9. Licensed Premises

Thirty-three licensed premises cater for the district and the general standard of management continues to be satisfactory.

It is not always appreciated that compliance with the Food Hygiene Regulations is necessary and some difficulties are experienced in this direction particularly where the sale of heated meat products for immediate consumption is undertaken.

#### 10. Mineral Waters

The one mineral water factory in the district is known as the Regent Mineral Water Factory. It is owned by Messrs. W. L. Thomas and Son and is a corrugated iron building having a concrete floor. Water is supplied from the town main and the manufacturing plant machine used is capable of dealing with eighty dozen bottle per hour.

1. Refuse Collection and Disposal

Refuse is collected weekly from all premises within the Urban District. The disposal of refuse from the U.D.C. and part of the R.D.C. is carried out at the Meads tip by controlled tipping.

A County Super 4 tractor is employed full time on this work recording approximately 35 hours weekly on levelling, digging and carrying cover for this purpose. Complaints have arisen from time to time due to the proximity of houses in Cromwell Road to the tip but the level of control continues to be high.

Collection is made by three Shelvoke and Drewry rear loading freighters.

Approximately 1,323 properties are now served by a paper sack refuse collection system, the remainder receiving a kerbside collection from an assortment of containers.

During the year a Joint Working Party was set up comprising representatives of the Haverfordwest Rural and Borough Councils, Milford and Fishguard Urban District Councils to consider the possibility of establishing a joint refuse treatment plant.

2. Sewage Disposal

It is estimated that 97.6% of the premises in the Urban area are connected to the public sewer.

The parts not served are:-

Coombs and Cellar Hill	Approx. 11 houses
Steynton Road	" 16 "
Liddaston, Haven's Head, Steynton	" 67 "

3. Rodent Control

Rentokil Laboratories Ltd., Pest Control Division, are under contract to this Authority to carry out the control of rats and mice in your area. A local operative of the company is in attendance daily from Monday to Friday to deal with complaints and carry out any survey and block treatment necessary.

The town sewers were treated twice in the year, on each occasion one hundred openings were baited with sodium fluoracetamide.

It is felt that the Council can feel well satisfied with the effectiveness of this service.

4. National Assistance Act, 1948

There were no burials under Section 50 of the National Assistance Act, 1948.

5. Public Conveniences

Public conveniences are situated at the Market Square, North Road, the Rath, Gellyswick Road and Spikes Lane. One urinal for the use of males only is sited at Victoria Road.

6. Mortuaries

One modern fully equipped mortuary is situated at Dartmouth Gardens.

7. Public Halls and Cinemas

The two cinemas operating in the town and the two public halls have separate sanitary accommodation for both sexes.

8. Public Baths

An open air Swimming Pool is situated on the Rath. Sea water is pumped from the Haven and is filtered and chlorinated.

9. Camping and Caravan Sites

There is one caravan site in the area at Court Farm, Liddaston, which has permission for six caravans.

10. General Nuisances

Number of informal notices served for general nuisances	31
Number of informal notices complied with	31
" " statutory notices served for general nuisances	1
" " " " complied with	1
Number of cases taken to court	Nil

Ferral pigeons are still being trapped in the centre of the town. Upwards of 2,000 have been trapped by this method.

Pigeons are still causing a nuisance in the centre of the town as trapping barely seems to offset the breeding rate of these creatures.

11. Salvage

The separate collection and sale of salvageable paper was abandoned in August on economic grounds.

It had previously been the practice to collect trade refuse free of charge as it had been salvageable and the cost of its collection was therefore covered by its sale.

Abandonment of salvage procedures therefore necessitated the introduction of a charge for trade refuse collections and I am please to record the satisfactory progress of this scheme.

Materials salvaged up to August are as follows:-

	<u>Tons</u>	<u>Cwt.</u>	£.	s.	d.
Mixed Waste Paper	17	9	157	0	9
Scrap Iron			5	0	0
	17	9	162	0	9

Total income from salvage £162 0s. 9d.
